

Survey Results & Bargaining Team Election

Throughout May, Union Members across every department completed bargaining surveys and identified what changes and improvements they want to see in the new Collective Bargaining Agreement. Results are in! **High priorities are Protecting Bargaining Unit Work, Protecting Seniority for Layoffs, Promotions, Vacations and Other Areas, Securing Fair Increases Each Year of the Contract, Maintaining Affordable Health Benefits, and Adding Additional Steps to the Wage Scale.** For more information about the results of the bargaining surveys stop by and talk to your Union Representative who will be at your work site at the times listed below on Monday, June 18th.

Many Union Members have submitted their names as volunteers for the Union Bargaining Team. These individuals will be a part of the Union Bargaining Team that will represent you and your department when we negotiate with management for the new Collective Bargaining Agreement. In some departments there are more volunteers than spaces on the Bargaining Team and so we will need to hold an election. **Elections for Union Bargaining Team members will take place on Monday, June 18th.** Support those in your department who have put their hands up to be a part of the Bargaining Team!

Union Bargaining Team Elections will take place on Monday, June 18th at the times below:
